BEAUTIFUL DINNER FOR BRIDAL PARTY

(Lexington Herald)

Miss Ernestine Perry, a bridesmaid for the wedding this evening of Miss Mary Evans Strode and Mr. Paul Everett Dixon, of Bowling Green, Ky., gave a beautiful dinner last evening before the rehearsal for the bridal party. The colors were pink and white. The home on East Main street was decorated elaborately with white iris, son, Mr. James A. Dixon, Mr. S. A. valley lilies, pink sweet peas, wedding bells and plants. The table was lovely in appointments. It was covered with lace pieces and in the center was a mound of smilax, valley lilies and sweet peas, over which, swinging from the chandelier, was a white wedding bell covered with trailing vines of smilax. In silver candle sticks were pink candles tied with pale green

tulle and the baskets and bowls were filled with confections in pink and white. At each place was a Cupid dressed as the bride party and also place cards of the bride and groom and malds. An elegant course dinner was served and during the evening bright toasts were drunk to the happy couple of the attractive couple. The guests were Miss Strode, Mr. Dixon, Mrs. Allison Trigg, of Glasgow; Miss Carrie Lee Jones, Miss Altha Thompson, of Bowling Green; Mr. Preston Cherry, of Morganfield, and Mr. Owen Reynolds, of Texas.

There will be a practice of the Children's Day exercises at the Third Street M. E. Church this afternoon immediately after school. Parents are requested to see that their children come at that time.

DEATH CERTAIN

DISABILITY POSSIBLE

A NEW POLICY

Work like this, John Sample, age 35, pays \$29.46 per thousand, which will be reduced by 1917 dividends \$5.25, upon payment of second premium, making the net cost \$24.21. Policy will contain total and permanent disability benefits, which means, first, waiver of premium payments on policy during disability, and company will pay the insured \$100.00 per year while disabled, then the face of policy, \$100,000 at death; disability means loss of eyesight, loss of both hands, loss of both legs, loss of one hand and foot, loss of mind, total loss of body power from paralysis or disease.

Tires that did not require setting in thirty years—on a Studebaker

WHEELS are the life of a wagon. Hubs, spokes, felloes and tires of the best materials, put together by skilled workmen, go into every Studebaker.

What is the result? Mr. William H. Horton, of Nineveh, N. Y., writes that the tires on his thirty-six year old Studebaker farm wagon did not need resetting in thirty years—and the wagon was in use every day.

We can prove to you that this is not an exceptional Studebaker wagon. There are thousands of Studebaker wagons in use today that are forty years old and more. And that have cost their owners little or nothing for repairs.

Come in and look over our stock of Studebaker vehicles. Let us show you how well they are built.

Studebaker wagons are sound investments, every time

MIKE BROWN,
The Square Deal Man of Square Deal Square

LIBERTY LOAN

Washington, D. C., May 3, 1917.
First Standard Bank & Trust Co.
Maysville, Ky.

Government will receive subscriptions until June 15th for Two Billion Dollars Three and One-Half per cent. Liberty loan you can render invaluable service to your country by receiving subscriptions and co-operating with Federal Reserve Bank your District will you kindly do this and telegraph me. Government expense soon as practical rough estimate amount of bonds you think will be subscribed by you and your customers. W. G. McADOO, Secretary of the Treasury.

We at once wired Secretary McAdoo that we would cheerfully do our full duty and that we were sure the people of this community would do the same. We have subscribed for a large block of the bonds. Let us take your subscription for what you want. We make no charge for our services. Glad to serve you for nothing. Bonds will be dated July 1, 1917, and bear 3 1/2 per cent. interest and be free of taxes. Take your full share. When you help the government you help yourself. Don't delay. Come in and see us at once.

First-Standard Bank & Trust Company

BUY A LIBERTY BOND

One of the very best ways to help your country in its present plight is to buy one of the "Liberty Bonds."

These bonds are issued in small denominations and most anybody can buy one, even if he has not the ready cash. The Maysville banks have arranged to sell these bonds to small investors and lend them money with which to pay for them. A person can buy a hundred dollar bond and pay as little as a dollar a week on it until the value of the bond has been accumulated.

A great many persons will assert that times are hard and they have no money to save, but most every family has some pet extravagance which can be discontinued if it is absolutely necessary to do so, and the days may soon come when a little saving in the shape of a government bond—always easy to cash in—will come in very handy.

\$16,000,000

Fixed As Kentucky's Part of Liberty Loan—Estimates of Requirements of Every Section of Country Announced by Washington.

Washington, May 22—What every section of the country is expected to do in unloosening its purse strings for the Liberty Loan was officially announced tonight by the Treasury Department. The figures made public are the minimum. The maximum, it is hoped, will be such an oversubscription as has never before been recorded in the history of any nation.

In framing the seedbed of minimum performances expected by the East, West, South and Pacific slope, treasury experts have built a structure of figures with the entire banking resources of the country as its foundation.

Coincident with the announcement of the tentative allotments, which in reality are not allotments but estimates of what each section should take—the Federal Reserve Board announced tonight that it had availed itself of the extraordinary powers vested in it by Congress and virtually had placed at the disposal of every bank in the United States, member and non-member, the powerful machinery of the reserve system to assist in making the loan an overwhelming success.

In making public its tentative allotment of bonds the Treasury Department has adopted two bases of estimating, a \$2,000,000,000 issue and one of \$2,500,000,000, the latter designed to meet the possibility of any one section failing to take the amount estimated.

Analysis of the tabulation shows that the three reserve districts with headquarters at Boston, New York and Philadelphia are expected to take forty-nine per cent of the loan.

Minimum tentative allotments by states, estimated on the same basis, show Kentucky's approximate proportionate share is \$16,000,000.

SENIOR CLASS PLAY

The Seniors of the 1917 class will give a three act comedy entitled "The Rejuvenation of Aunt Mary." Friday night, May 25.

Aunt Mary is a kind hearted, peppery spinster, who has spent most of her time in the country. When she comes to town to hunt up her scamp of nephew whose guardian she is, she arrives at the time of a party given by the nephew "Jack" and his friends. They give Aunt Mary a rollicking good time with the hope that she will become so disgusted with New York that she will return to the country. Instead Aunt Mary becomes so pleased with the gaiety of the city that she throws her old country home over to the servants, in order to get as near as possible to the gaiety of New York, where every turn of the clock's minute hand spells amusement. A love affair runs through the comedy, supplying the necessary heart interest. Aunt Mary was played by May Robson in New York over two years. Plenty of choice humor in the parts of Aunt Mary, Jack, Lucinda, Joshua and the hired man.

COMMENCEMENT LAST NIGHT

The commencement of the Maysville High School was held last evening, several students receiving diplomas. A very interesting series of speeches were given by the graduates, all of which were greatly enjoyed by the large audience present. All acquitted themselves with glory.

The commencement address was delivered by Chancellor Homer L. Carpenter, dean of Transylvania University, Lexington, Ky. The address was a splendid one and gave each one present much food for thought.

The Maysville Model Grammar School

MAY NOT COME

Governor Stanley Unavoidably Delayed by Work For Registration Day and Probably Will Not Be Able To Reach Maysville.

It was announced in this city late yesterday afternoon that Governor A. O. Stanley would not be able to be present in this city today on account of being compelled to remain in Frankfort, being held there by work on Registration Day, which will be held June 5.

Pol. C. L. Wood of the Farmers and Traders Bank, a personal friend of the Governor, at once tried to get in communication with him over a long distance wire but learned that he had gone to Louisville. He put in a call there for him but was unable to locate him.

Miss Annie M. Casey also put in a call for the governor and was fortunate in locating him. He said that if possible he would come to Maysville after returning from Louisville, making the trip by auto and would inform her by telegraph this morning whether or not he could reach Maysville in time for the exercises in the Opera House.

At press time Miss Casey informs us that owing to the uncertainty of the visit of Governor Stanley to the city, the big parade, which had been planned to precede the speeches at the Opera House, has been called off.

However a demonstration will be given on the streets of the city by a number of girls of the Red Cross Workers prior to the meeting at the Opera House.

The exercises at the Opera House will begin promptly at 2 o'clock. They are to be held in this place on account of the seating capacity.

The program arranged for the afternoon is as follows:

Speech by Governor A. O. Stanley.

Speech by Dr. Helzer of Frankfort.

Speech by Dr. L. L. Lumsden, Surgeon General of the United States Public Health Service.

Speech by Dr. J. L. Towansend, of the United States Public Health Service.

Five minute talks by Dr. J. N. McCormack, J. S. Locke and others.

The Ladies' Aid Society of the Third Street M. E. Church will meet this afternoon at 2:30 o'clock at the church. A full attendance of the membership is desired.

ECONOMY CAMPAIGNS

Warnings are being issued against a too hysterical campaign for economy. It is argued that if everyone begins to save money and stop the usual habits of expenditure, it will throw people out of work, and cripple our industries, thus doing more harm than good.

There is some truth in this. Yet it is very doubtful if such easy spenders as the American people are in danger of doing this particular thing. If the money saved on economies were used as it ought to be the results, while causing some temporary hardships, would soon be beneficial.

The most desirable thing to do with savings at the present time is to put them all into the new United States bonds. They will pay fair interest, and will be wholly exempt from taxation. The money will be spent mostly in our own country, so it will keep our own workers busy.

Such purchases of bonds will help our allies buy more goods in our munition plants, in our shoe and clothing factories, and from our farms. This will increase the demand for help and will open positions for all idle workers. Furthermore the new work will be along the line of vital needs.

Every man who is released from the luxury trades can find work on a farm, and without going very far from home either. Every man released can find work in factories and in homes, in restaurants and hotels, releasing able bodied men who could be raising. These readjustments will cause some inconvenience while they last, but they will leave the United States in far better position to meet the issues of both war and peace.—Lexington Leader.

LENGTH OF THE WAR

Germany will either crack from the inside or there will be a long war. It is for a long war that the United States is preparing. Even though selective conscription goes into effect, it will be a year before the country has an army of one million men. The army may be needed to repel a German attack by way of Mexico; or it may be used to strengthen the forces battling in France. If it is a long war the United States will have an opportunity to get into it up to the hilt, with men, ships and money. The co-operation of the United States is largely restricted to loans to the Allies and patrol work by the fleet. British and French Admirals at a recent conference with Secretary Daniels arranged for American warships to relieve the British and French along the Atlantic coast, and especially at the ports of Mexico. The allied warships are not permitted to use American ports of Mexico. The allied warships are not permitted to use American ports as coaling and supply stations. The shipping board has announced plans for the immediate construction of 1,000 wooden boats of 3,000 tons capacity, the entire number to be completed by the end of the year. They will carry supplies to the Allies. They are expected to break the blockade of the submarines. All will be armed. So far, the American government has been dilatory in arming merchantmen. More contracts should be issued for the manufacture of a sufficient number of guns for coastwise ships, as well as for merchantmen in the trans-Atlantic trade, but these plans have not yet materialized.

NORTH PRESBYTERIANS FAVORED UNITED CHURCH

Dallas, Texas, May 21—The General Assembly of the Presbyterian Church in the United States of America, in session here today, voted unanimously in favor of reunion for the two branches of the church—the North and South. A copy of the resolution was ordered sent to the Southern Assembly, now in session at Birmingham, Ala.

The adoption of the resolution specifically means that the Presbyterian Church in the United States of America, the Northern Church, has gone on record as favoring united forces with the Presbyterian Church in the United States, the Southern Church. The two branches separated as a result of sectional differences growing out of the Civil War.

Before the vote was taken it was announced that overtures favoring reunion had been received from 195 Presbyteries of the Northern Church. H. B. Anderson, of Dallas, an elder in one of the Southern churches, announced he had information that the Southern Church assembly at Birmingham would take action looking to a reunion.

A resolution favoring national prohibition of the liquor traffic also was adopted by the assembly. Copies were forwarded to President Wilson, Vice President Marshall and Speaker Clark, of the House of Representatives.

The resolution said the assembly represents official "constituency of 6,000,000 people and most earnestly invokes your influence and authority to secure national prohibition of beverage liquor traffic."

Dr. J. Wilbur Chapman, moderator of the assembly, explained that the resolution was "an emergency measure" and would be followed by further resolutions tomorrow, which will be presented by Dr. S. L. Haynes, of Kingston, Pa.

RINTELEN, LAMAR, MARTIN ARE GIVEN YEAR IN JAIL

New York, May 21—One year in jail was the sentence imposed today upon Captain Franz Rintelen, of the German navy, David Lamar and H. B. Martin, convicted yesterday in the Federal Courts of conspiracy to interfere with shipments of munitions to the Entente Allies in 1915.

TESTIMONIALS FOR MEDICINES

Lydia E. Pinkham Medicine Company Publishes Only Genuine Ones.

The testimonials published by the Lydia E. Pinkham Medicine Company come unsolicited. Before they are used the Company takes great care to inform itself about the writer. Never knowingly, has it published an untrue letter, never is a letter published without written consent signed by the writer. The reason that thousands of women from all parts of the country write such grateful letters is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives, once burdened with pain and illness.

It has relieved women from some of the worst forms of female ills, from displacements, inflammation, ulceration, irregularities, nervousness, weakness, stomach troubles and from the blues.

It is impossible for any woman who is well and who has never suffered to realize how these poor, suffering women feel when restored to health; and their desire to help other women who are suffering as they did.

RAILROADS MUST FURNISH CARS TO COAL COMPANIES

Washington, May 21—The Interstate Commerce Commission, the Supreme Court decided today, has power to compel railroads to furnish "a reasonably adequate" supply of coal cars to handle "normal and seasonal" demands for interstate commerce originating at mines along their lines and to award reparation to shippers for failure to supply such cars.

In a test case of Belleville, Ill., mining companies against the Illinois Central railroad, the Supreme Court reversed an injunction of the Illinois Federal Court enjoining an order of the commission for investigation of damages to shippers for failure of the railroad to supply coal cars. The decision, attorneys said, is a precedent regarding the commission's power in coal car shortage situations.

The bituminous coal shortage is blamed on the railroads, in a report today by the Federal Trade Commission. Producers, by taking advantage of the lack of cars, are charged with responsibility, however, for prevailing high prices.

"There is no scarcity of coal in the ground," the report says. "There is sufficient coal in the bituminous coal mines now being operated, not only to supply the present demand, but also to supply a greatly increased demand. The unprecedented demands for this

fuel in the past six months, together with the difficulties of rail and water transportation, not only have absorbed the coal as fast as it could be shipped from the mines, but have led also to almost complete exhaustion of the coal stored at tidewater points.

"The country faces a serious state of affairs in obtaining a commodity which is basic to practically every form of its auxiliary and industrial activity."

CONGRESSMEN BUSY SAVING THEIR SECTIONS FROM TAX

Washington, May 21—Two short contests during consideration of the war revenue bill in the House today resulted in Southern members killing a proposed tax of \$2.50 a bale on raw cotton and representatives of automobile making districts limiting the 5 per cent levy on automobiles, motorcycles and their tires to plants paying annual profits above \$5,000 and a per cent on capital invested.

House leaders said tonight they were determined to bring the bill to a final vote sometime tomorrow night.

Consideration of the amendment tax section was under way when the House adjourned.

Sour stomach, clogged up bowels, pimples, blackheads, foul breath are evils of constipation. Hollister's Rocky Mountain Tea regulates the bowels, improves the blood, cleans the stomach—a medicine the whole family should take. J. J. Wood & Son.

BEEF CLIMBS TO DOLLAR A POUND IN PARIS MARKET

Paris, May 21—With the inauguration of the regime of two meatless days a week, beef went to one dollar a pound today and vegetables and fish followed the upward tendency.

The rush for meat supplies to carry over until Wednesday swamped the butchers, although they had laid in an extra amount. There was a good deal of crowding and some sharp talk was heard against rich buyers who paid any price the dealers asked, sending the quotations too high for modest purses.

Beef on the hoof at the stock yards was higher than last week, although the receipts were larger. Wholesalers appear to take the view that the new regulations will not reduce consumption.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts through the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. INCOME TAX QUESTION IS DECIDED BY HIGH COURT

Washington, May 21—Without deciding income tax questions involved upon their merits, the Supreme Court today refused to review the Anthony D. Brady case, thus making effective New York decrees holding that the income tax is retroactive. The ruling requires payment of an income tax of \$61,654 by heirs of Brady, New York millionaire, who appealed from the lower court's decision.

Brady's executors contended that the tax was collectible only from persons living when it was enacted; the government contended that the law imposes a tax upon the property, or income, of persons and is not exclusively a "personal" tax.

ARMED REVOLT PLOT OVER CONSCRIPTION IS BARED IN TEXAS

Dallas, Tex., May 21—Investigation of an alleged conspiracy to make armed resistance to enforcement of the selective army draft, which agents of the Department of Justice assert they have uncovered in Northwest Texas, will be made by a Federal grand jury impaneled here today.

Judge G. W. Jack, in ordering the investigation, spoke of alleged activities of the Farmers' and Laborers' Protective Association of America. The changes, he said, bordered on treason. Six men are under arrest here in connection with the case and three others have been arrested in Western Texas towns.

WOULD END HIGH COAL PRICES BY STRICT GOVERNMENT CONTROL

Washington, May 21—Regulation by governmental authority of the prices and distribution of bituminous coal for the period of the war is recommended in a report of the Federal Trade Commission's investigation of the bituminous coal situation, submitted to the House today.

Three other remedies for the present high price of bituminous coal are recommended by the committee. They are:

1. Improvement of transportation facilities.
2. Preservation of the labor supply.
3. Increase of storage facilities at points of consumption.

Pointing out the experience of most of the belligerent European nations which have had to meet a similar problem, the commission suggests that "under war-time conditions it may become the duty of the government not only to regulate the distribution of coal from the mouth of the mine to the ultimate consumers by affixing the product which the defendant classes of consumers shall be allowed to purchase, but also to establish on some equitable basis the price to be paid by different classes of consumers."

The commission's reports declare "that at a time like the present excessive profits should not be permitted to be extorted from the public by producers and shippers of any price necessity."

The report is based upon testimony submitted by mine owners, railways and consumers at public hearings held by the commission here and at Chicago. It says that while the productive capacity of the present mines has been ample the railroads have not furnished such cars to carry the coal to points of consumption.

It was found that cost of production has mounted, but that contracts now being entered by the operators are far in excess of the costs as shown by the operators' books. Prices today ran from 50 per cent to several hundred per cent over the cost of the output, the commission declares.

The alleged increase of from 100 to 200 per cent in the price of Pocahontas coal will be investigated by a committee of eight Senators and Representatives under a resolution introduced in the House today by Representative Emerson of Ohio.

"The fact is," said Emerson, "everybody has his interests looked after in Washington but the common people. There should be a people's lobby here to look after the interest of the people. Last summer Pocahontas coal sold in Cleveland for about \$3.65 a ton and this summer it is selling for from \$6.50 to \$8.25 a ton."

TIME IS THE TEST

The Testimony of Maysville People Stands the Test.

The test of time is what tells the tale. The public soon finds out when misrepresentations are made, and merit alone will stand the test of time.

Maysville people appreciate merit, and many months ago local citizens publicly endorsed Doan's Kidney Pills; they do so still. Would a citizen make the statement which follows unless convinced that the article was just as represented? Below is testimony such as the sufferer from kidney ills is looking for.

Fred Dresel, tailor and Justice of the Peace, 1238 E. Second St., Maysville, says: "I was troubled by inflammation of the bladder and annoyance from my kidneys. The kidney secretions burned in passage and often were retarded. I had severe pains across the small of my back which greatly interfered with my work. Doan's Kidney Pills, which I got at Wood & Son's Drug Store, gave me prompt relief."

Mr. Dresel gave the above statement on February 6, 1903, and on November 14, 1916, he added: "I have had the same faith in Doan's Kidney Pills to-day as ever, for I haven't had any trouble with my kidneys since I last recommended them."

Mr. Dresel is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS. The same that Mr. Dresel has twice publicly recommended—the remedy backed by home testimony, 50c all stores. Foster-McCurn Co., Props., Buffalo, N. Y. "When Your Back Is Lame—Remember the Name."

DAYLIGHT SAVING PLAN ENDORSED BY WILSON

Washington, May 21—President Wilson today expressed his approval of the daylight saving plan to a delegation headed by Representative Borah, of Missouri, and Marcus Marks, of New York, president of the National Daylight Saving Association. The President told them the only question in his mind about legislation to carry it into operation was whether Congress leaders would look upon it as war legislation to which they have tacitly agreed to limit the sessions' activities. The subject will be taken up with the leaders.

STEAMSHIP COLOMAN REPORTED TO HAVE BEEN WRECKED

Boston, May 21—The Leyland liner Coloman, 6,440 tons, was wrecked last night on the south coast of England, according to a cablegram received today by the agent of the line here. The message said that the steamer, which was carrying a cargo of munitions, lumber and cotton from this port, probably would be a total loss.

The cause of the accident and the fate of the crew were not mentioned.

Mariners commented on the fact that the Coloman, formerly a crack boat in the company's New Orleans service to England, had not missed a trip since she was placed into the service from Boston, early in the war. The steamer, with her cargo, was valued at \$2,000,000. It was considered probable that she landed part of her cargo, including munitions, at Plymouth before the accident.

CONTRACTS LET FOR MAJORITY OF FAR VESSELS AUTHORIZED

Washington, May 21—All war vessels authorized by Congress have been contracted for, Secretary Daniels announced today, except three dreadnoughts and a few minor auxiliary craft. Beside the war craft, specifically provided for the War Department has ordered many additional destroyers, submarine chasers by the hundred, and added today twenty-four seagoing tugs of 1,000 tons displacement to be used both as towboats and mine sweepers.

Recent awards made include the thirty-eight submarines of the 1,000-ton type.

MASON COUNTY COURT
In the matter of the estate of the CRES-CENT CREAMERY COMPANY.
By virtue of a deed of assignment and under order of the Mason County Court, the undersigned will on Saturday, June 2, 1917, about the hour of two o'clock, p. m. sell at public outcry to the highest and best bidder on the premises on a credit of six and twelve months the house and lot containing about one-fourth of an acre of land, more or less, in the Reckerville Precinct, Mason County, Kentucky, near the town of Reckerville, and containing the machinery and entire creamery equipment, as an entirety or in any way to bring the most money.
The purchaser will be required to execute bonds with good surety bearing interest from date of sale until paid, and a lien will be retained as additional security.
C. L. WOOD,
Assignee of the Crescent Creamery Company. ml4-23-17

RESIDENTS OF BERLIN ARE ADVISED BY AGRICULTURAL EXPERIMENT STATION

Copenhagen, May 21—Berlin now is feeling the potato shortage. The residents of the capital have been warned that it may be impossible to supply five pounds to everybody this week, but that those who are unable to obtain the full ration will be given cakes.

The supply of pork is short and it will be sold only on Thursdays.

Another announcement says that a reduction in the present meat ration after August 15 is being considered.

In view of the food shortage Prof. Weidner, an agricultural expert at Passau, Bavaria, advises the people to follow the example of Nebuchadnezzar and eat grass. He informed them that both the red clover and lucerne (alfalfa) may be used for the making of very dense for human consumption.

THE UNIVERSAL CAR

Price Advance

Competitors have circulated a report that the Ford has advanced \$100.00. This is emphatically untrue and is done merely to help them sell an inferior car for more money. However, I am expecting every day to receive notice to advance the price. All orders are being taken with the privilege of cancellation if price advances. The company has notified me to mail all orders the same day they are placed. It is my opinion that all orders will be filled at present prices if orders are placed at once, but you should not delay the matter a single day. Place your order today and play "safety first."

HEAVY WIND

Passes Over Maysville Shortly After
Noon Yesterday Accompanied by
Rain and Hail—Damage
Done Here.

Accompanied by rain and hail, a
heavy wind passed over this city yester-
day about 12:30 o'clock p. m. Al-
though of short duration much dam-
age was done in this city and sur-
rounding country.

The rain accompanying the wind was
a very heavy and although the shower
did not last over five minutes all of
the sewers were choked with the sur-
face water, so heavily did it fall. Hail
lasted during the greater part of the
storm but little damage was done by
it to growing crops.

The results of the storm were in
the main torn off roofs and blown
down trees, although one young lady
was injured by a falling limb. The
wind came from the south and passed
as quickly as it came.

Miss Edna Moore, daughter of Mr.
Green Moore of the West End, an em-
ployee of the Maysville Cotton Mill, was
injured while crossing the mill
yard by being struck by a falling limb.
The young lady fainted but received
no serious injuries, being more fright-
ened than injured.

The roof of the time M. Harrison
property at the corner of Forest ave-
nue and Commerce street now occu-
pied by Mr. Paul Glascock and Mr. J.
W. Bramel, was almost completely
stripped from the house. The wind
got under the tin and forced it loose,
rolling it toward the East end of the
house where it lodged against a chim-
ney, having knocked another chimney
down.

The roof of the Oddfellows building
in Aberdeen was torn off. A small
amount of damage was also done at
the Aberdeen Mill.

The large skylight over the Morgan
Studio in the Caprell building at the
corner of Second and Sutton streets
was demolished. It is thought, by flying
debris.

Many trees were blown down in var-
ious parts of the city.

ATTORNEY THANKED

Mr. Charles L. Daly, local attor-
ney, has received a letter of appre-
ciation from Mr. Warton Clay, ex-
ecutive secretary of the Military Train-
ing Camps Association of the U. S.,
central department, thanking him for
the interest taken in the recruit-
ing of officers for officers train-
ing camp. Mr. Clay also asked him
to thank the press of Maysville for
their co-operation in the publicity
given.

this evening after spending the win-
ter in Deland, Fla., where she has
been engaged as a teacher in the
public schools there.

GRADUATE OF ST. PATRICK'S SCHOOL WINS "HONORS"

In a recent issue of one of the daily
papers appeared an article giving the
names of the "Honor" pupils of the
graduating class of the Maysville High
School, with the respective grades of
the leading students of the class. Ac-
cording to a plan recently determined
upon by the school authorities and
announced to the members
of the class, the past three years of
class work are considered in the re-
cording of class rank, instead of the
"matrimonial custom" prevailing of con-
sidering class standing by the average
obtained in the work of the Senior
year. There is an element of unfair-
ness in every ex-post-facto law and
the case in question is no exception.
For we find that had the expectation
of the Senior students been fulfilled
and the old established custom been
followed, this year as in the past,
Miss Olivette Clooney, the youngest
of the honor pupils and one of the
brightest of the Senior class, and who
is given but third place in rank, would
have merited by several notes the
"Second Honors" of the Graduating
Class of 1917 and have been a close
competitor for "First Honors." Un-
der the circumstances an innate spirit
of fairness prompts public recog-
nition of merit where merit is due.

Miss Clooney is a graduate of St.
Patrick's Parochial School, that has
pupils to the High School the "honor"
pupils for the past several years.

SENIOR CLASS PLAY

Of the Maysville High School Will Be
Held on Friday Night of This
Week—Excellent Comedy to
Be Presented.

On Friday night the annual class
play of the Senior Class of the Mays-
ville High School will be presented.
The play to be given this year is
"The Itinerary of Aunt Mary," and
those who have seen it say that it is
one of the best ever attempted by any
class.

The play will be in three acts and
will take about two hours and 15
minutes to perform. It is full of
comedy and will please the most ex-
acting critic. The Seniors have been
practicing for several weeks and have
their parts well learned. The cast
has been carefully chosen, Miss Mary
Boyd Tulley taking the title role.

The following is a brief synopsis of
the play:

Aunt Mary is a kind hearted, peo-
pley tempered spinster, who has slept
away most of her existence in the
country, and she only awakens to the
rhythmic roar of gay life in a large
city when she comes to town to hunt
up a scamp of a nephew whose guar-
dian she is. She arrives at the time
of a party given by her nephew "Jack"
and his friends, and they proceed to
give Aunt Mary a roaring good time.
Instead of cavilling she falls in with the
brisk pace to such an extent that af-
ter her return to bucolic life she is
bored to death with the simplicity of
things out among the cabbages and
cucumbers. She cannot overcome her old
longing, turns her old house over to
the servants and proceeds to get as
near as possible to the gaiety of New
York, where every turn of the clock's
hand spells a new amusement. A love
affair threads its way through the
comedy, supplying the necessary
heart interest.

SUNDAY SCHOOL MEETING

Held in the First Presbyterian Church
Yesterday Attended by a Large
Number of Workers.

The Sunday School meeting held
yesterday afternoon and evening in
the First Presbyterian Church was at-
tended by a large number of workers
in this city and county. The speak-
ers of the meeting were the Rev. W.
A. Brown of Chicago and the Rev.
George A. Joplin of Louisville.

In the afternoon the officers and
teachers of the various Sunday
Schools of the city were present. Mr.
Brown gave a very interesting talk
on community building and gave many
valuable ideas for the officers and
teachers.

Following the luncheon the commit-
tees of the State Sunday School As-
sociation met, the Rev. A. F. Stahl
pastor of the Christian Church, pre-
siding. It was decided to hold the
main sessions of the Convention,
which will be held here next fall, in
the First Baptist Church.

In the evening a large crowd was
present to hear Mr. Brown. He gave
a very interesting address, which was
greatly enjoyed by all present. At
the close of the meeting Mr. Joplin,
who is one of the leaders in Sunday
School work in the state, raised money
for the work in Kentucky.

IS NOT IMPROVING

Reports from Mr. E. L. Manchester,
who has been in Fall River, Mass.,
for the past several weeks for the
benefit of his health, are to the ef-
fect that he is not improving. He has
been confined to his bed for three
weeks. His many friends here will
regret to hear that he shows no im-
provement.

OUR COLORED CITIZENS

All members of Burns Chapter No.
31 Order of Easterns are expected to be
present tonight to receive instruction
from their R. G. C. W. Mrs. Mollie
Williams of Louisville, who will be the
guest of Mrs. M. J. Patton of Forest
avenue while in the city.

MRS. SUDDIE MORTON W. M.

Mrs. William Perkins, Secretary.

The Art Department of the Civic
Improvement Club will hold their an-
nual bazaar all day Friday and Fri-
night at Fraternity Club room on Sec-
ond street. Please come out and help
us raise the pledge we have made to
the Public Health Survey. Every one
invited to attend. Refreshments will
be served.

MRS. ELIZABETH HALL, Sec.

HEALTH MEETING

A meeting was held in the City
Council Chamber last evening by the
visiting physicians in the city for the
Sanitary Survey to explain to the City
Council the purpose of the Survey of
the county. A number were present.
The first speaker was Dr. L. L.
Lumsden, surgeon general of the United
States Public Health Service. Dr.
Lumsden explained that the purpose
of the survey was not to pry into the
homes of the county and city but to
seek to correct the unsanitary condi-
tions in the homes. He gave a very
good address.

Other speakers of the evening were
Hon. Charles L. Daly of this city, Dr.
J. N. McCormack, of Bowling Green,
State Sanitary Inspector, Dr. J. S.
Locke, of Washington, D. C., who will
be in charge of the Survey, and Dr. J.
H. Townsend, who will be connected
with the survey.

WILL ADDRESS BARACAS

The Baraca Class of the First Baptist
Church in order to make the last
Sunday of their contest with Paris,
the best of the contest, have se-
cured Dr. Ben L. Bruner of Louis-
ville to address the class. Dr. Bruner
is one of the most widely known men
in the State of Kentucky being active
in the political field. He is a splendid
speaker and will doubtless draw a
large number of men to the Baraca
Class on Sunday morning.

Summer Goods Now Here

PREPARE TO ENJOY THE SEASON

Most attractive Voiles and Wash Goods we have ever had, bought
before the advance and offered to you at old prices.
Gingham, Percales, Devonshires, Sport Suitings and Skirtings,
White Goods of many kinds, pretty styles, reasonable prices.
The Silk Sale has been a great success, short lengths of Silks,
Satins, Chiffons, etc., at about half price, enough for skirt, waist,
sleeves, trimmings, bargains that you cannot afford to miss.
Hosiery, Gloves, Ribbons, Laces, Trimmings. Largest stock in
the city.

Newest Neckwear, Hosiery, etc.
Our Housefurnishing Department is very complete, Curtains, Cur-
tain Goods, Linoleums, Rugs, Shades, etc. You can save in this
department as goods were bought early at little or no advance in price.
June Designer, Summer Quarterly and Fashion Sheets are here.

211 and 213 Market Street

ALUMNI MEETING

A meeting of the Alumni Association
of the Maysville High School was held
last evening. Very little business was
transacted. Plans for the Alumni Ban-
quet and dance this year were dis-
cussed.

LOOK AND COME AND SEE

We are going to sell 38 tons of
Haled Timothy Hay for cash at once.
MAYSVILLE REALTY AND DEVEL-
OPMENT CO.

Chiropractic

Adjustments Restore Health Quickly
and Permanently
Nature is the Chiropractor's only
aid—adjustments release the pres-
sure from the nerves and make the
way free for Nature to do her part in
sending mental impulses through
them to make and keep the body well.
